

INSPECTIONS POLICY

Purpose

This policy establishes the approach St Kilda Community Housing (SCH) takes to fulfil its responsibilities in undertaking property inspections

Scope

This policy applies to all properties managed or owned by SCH.

Policy statement

SCH is committed to ensuring that it carries out inspections in a manner that is consistent with:

- Meeting our contractual, legal and regulatory duties
- Assisting residents and prospective residents to understand their rights and responsibilities
- Ensuring residents can sustain their housing through early intervention and referrals to appropriate support services

Purpose of Inspections

SCH carries out property inspections in accordance with its obligations under the ***Residential Tenancies Act 1997*** (RTA) and its requirements under its contractual arrangements with the Department of Families, Fairness and Housing (DFFH).

This includes for the purposes of:

- Preparing condition reports at the beginning and end of a tenancy.
- Undertaking rolling three-year Property Condition Reports as part of SCH's Asset Maintenance Strategy.
- Undertaking repairs and general maintenance, including vacated maintenance.
- Conducting routine inspections at least once every 6 months
- Undertaking pest control, fire safety, electrical safety and gas safety checks.
- Ensuring that residents are meeting their obligations under the RTA and assisting them with referral to relevant support agencies where required. For example, when an inspection reveals that the resident is showing hoarding behaviour.
- Showing prospective residents, a property prior to an offer of housing being made.

Duty of Residents

SCH residents have a duty under the provisions of the RTA to report damage to the property or a breakdown of facilities, fixtures, furniture or equipment supplied by SCH. This is also outlined in the resident's rental agreement with SCH.

Notice of Entry

SCH will provide residents with a written notice prior to an inspection. The notice may be in the form of a letter or an email if the resident has consented to receive notices electronically.

A notice of entry will be provided by:

- Post – ensuring sufficient time for delivery, or
- In person to the resident between 8:00am and 6:00pm.

It is expected that residents will be present at the time of inspection. If a resident refuses access to the premises or is not home after the required notice period has been given, SCH may enter the premises without the resident present.
